## Are you looking for a new opportunity to develop your career?

**Make a difference – Shape not only your future, but the environment around you.**

We aim to provide a work environment where you can unleash your creativity, innovation and skills while doing what you are passionate about every day.

---

## ABOUT US

EDC was established in 2003 and thanks to our quality-driven approach to engineering and early-adopter ethos we have grown during a period when most companies in this sector have struggled. We have continued to increase our workload and deliver quality, innovative engineering.

As pioneers in the design of low-energy, high-performance buildings and systems, EDC fully supports the importance placed on sustainability and welcomes the challenges this presents. We are first BIM Level 2 Certified Consultancy in the UK and Ireland and deliver projects from our three offices in Ireland – Cork, Mid-West & Dublin and our UK office based in London. EDC has also seen significant recent expansion overseas in the African Market.

## OUR MISSION

At EDC, our mission is to be progressive for our clients and our employees. We embrace innovation to drive efficiency in construction by leading the way. We cultivate an open, dynamic internal culture where good people and good ideas will always be heard.

EDC is a truly progressive consulting engineering firm. We are industry innovators, striving to deliver the most striking and dynamic work possible for our clients. EDC is recognised throughout the industry as being at the forefront of sustainable design and as a consultancy, it is a way of thinking that we promote and encourage across all design teams.

# JUNIOR MECHANICAL ENGINEER

FULL-TIME  
PERMANENT

## THE ROLE & RESPONSIBILITIES

Are you a Junior Mechanical Design Engineer with 1 to 2 years' experience looking for the next step in your career? We are looking for someone to join our UK and Ireland offices and work with our dynamic, motivated, vibrant team of highly skilled engineers who are passionate about customer service, quality, and innovation.

## EDUCATION & EXPERIENCE

- Degree in Building Services Engineering or Mechanical Engineering Required.
- Minimum 1-2 years Mechanical Building Services Consultancy Design experience.
- Proficient user of the following:
  - Microsoft Office (Word/Excel/PowerPoint etc.)
  - Autodesk Applications (AutoCAD/Design Review/Revit MEP).
- Mechanical Building Services Design and BIM experience a strong advantage.

## KNOWLEDGE & SKILLS

- Competent in the design and specification of mechanical building services in a variety of industry and project types, sizes, and complexity.
- Experience of delivering detailed designs through the full design cycle.
- Knowledge of MEP, including HVAC and Public Health services design and communal plant heating systems advantageous.
- Knowledge and experience in the following Mechanical design areas: Water Services, Natural Gas, Heating /LTHW, HVAC, Fuel, above-ground drainage and BMS.
- Understanding of specific building services design tools, such as IES.
- Knowledge of CIBSE, IEC, BS, IS and EN Standards.
- Project management, problem solving, presentation, communication, and IT skills essential.

Whilst working with EDC you will feel like part of a family – you will have every opportunity to get stuck in and make an impact immediately. We offer a competitive remuneration package with friendly, flexible working policies. We empower our employees, encourage them to be the best that they can be and reward success. Career advancement and professional development is core to how we work and reward our people.

## OUR HIRING PROCESS

We know you live a busy life and so, we have adopted a hiring process that is targeted and streamlined. We focus on your fit with EDC as well as your technical skill match.

### APPLY – REVIEW – INTERVIEW – OFFER - ONBOARDING

**Apply:** Find an open role that interests you with EDC via one of our recruitment channels.

**Review:** Applications are read by real engineering managers who are both experts in interpreting resumes and are familiar with all EDC's jobs within a talent segment—not just the one you applied for.

**Interview:** We use a competencies-based interviewing process that is intended to help us minimize unconscious bias while also making sure we hire people who will thrive within EDC.

**Offer:** We ensure we come back as quickly as possible with regards to whether you will be made an offer. If you verbally accept, we will send through an official written offer and begin the onboarding process.
